Amsonia

Apocynaceae

Amsonia commemorates for some authorities a little known mid-18th Century American doctor and traveller, Charles Amson of Virginia, who was a friend of the English settler John Clayton (1686-1773). Others wonder instead whether it might commemorate a past Mayor of Williamsburg, Virginia (a Dr. John Amson) who was also alleged to be an associate of John Clayton – or even that the two are one and the same person if not related.
