*Cinchona pubescens*

[Synonyms : *Cinchona asperifolia*, *Cinchona caloptera*, *Cinchona chomeliana*, *Cinchona cordifolia*, *Cinchona cordifolia* var. *macrocarpa*, *Cinchona cordifolia* var. *rotundifolia*, *Cinchona cordifolia* var. *vera*, *Cinchona decurrentifolia*, *Cinchona delondriana*, *Cinchona discolor*, *Cinchona elliptica*, *Cinchona erythroderma*, *Cinchona grandifolia*, *Cinchona hirsuta*, *Cinchona howardiana*, *Cinchona lechleriana*, *Cinchona lutea*, *Cinchona microphylla*, *Cinchona morada*, *Cinchona obovata*, *Cinchona ovata*, *Cinchona ovata* var. *erythroderma*, *Cinchona ovata* var. *rufinervis*, *Cinchona ovata* var. *vulgaris*, *Cinchona pallescens*, *Cinchona pallescens* var. *ovata*, *Cinchona pelalba*, *Cinchona pelletieriana*, *Cinchona peruviana*, *Cinchona platyphylla*, *Cinchona pubescens* var. *cordata*, *Cinchona pubescens* var. *ovata*, *Cinchona pubescens* var. *pelletieriana*, *Cinchona pubescens* var. *purpurea*, *Cinchona purpurascens*, *Cinchona purpurea*, *Cinchona rosulenta*, *Cinchona rotundifolia*, *Cinchona rufinervis*, *Cinchona scrobiculata*, *Cinchona scrobiculata* var. *delondriana*, *Cinchona scrobiculata* var. *genuina*, *Cinchona subcordata*, *Cinchona subsessilis*, *Cinchona succiruba*, *Cinchona succirubra*, *Cinchona succirubra* var. *vera*, *Cinchona tenuis*, *Cinchona viridiflora*, *Quinquina obovata*, *Quinquina ovata*, *Quinquina pubescens*, *Quinquina succirubra*]

**RED CINCHONA** is a tree. It is native to South America.

It is also known as Cartagena bark, Druggist's bark, Peruvian bark, *Punakiinapuu* (Finnish), *Quina* (Spanish), Red bark, and *Roter Chinarindenbaum* (German).

*Pubescens* means 'hairy or downy'.

Medicinally, it has been used to treat stomach-ache and has also been taken as an aid to indigestion.
