Cystopteris dickieana

[Synonyms : *Cystopteris fragilis* subsp. *dickieana*]

DICKIE'S BLADDERFERN is a deciduous fern. Native to Europe (including Britain) it has finely-cut pale green fronds.

It is also known as Dickie's fern, Dr. Dickie's fern, *Fjällstenbräken* (Swedish), *Kalkkihaurasloikko* (Finnish), *Plúzgiernik* (Slovak), *Puchýřník hladký* (Czech), and Wavy-spored brittle fern.

It is protected in Britain under the Wildlife and Countryside Act 1981.

Dickie's bladderfern is cultivated as an ornamental plant.
