Elymus pycnanthus

[Synonyms : *Agropyron acadiense*, *Agropyron pungens* var. *acadiense*, *Agropyron pungens* var. *pycnanthum*, *Agropyron pycnanthum*, *Elytrigia pycnantha*, *Triticum pycnanthum*]

SEA COUCH is a grass. It is native to temperate Europe (including Britain) particularly on the southern and western coastlines.

It is also known as *Marchwellt Arfor* (Welsh), Sea twitch.

Pycnanthus is made up of the genus name meaning ‘like plants in that genus’.
