Epilobium brunnescens

[Synonyms : *Epilobium nerterioides*, *Epilobium pedunculare*, *Epilobium pedunculare* var. *brunnescens*]

NEW ZEALAND WILLOWHERB is a creeping perennial. Native to New Zealand it has pale pink flowers.

It is also known as *Helyglys Gorweddol* (Welsh), *Kividunört* (Swedish), and Rockery willowherb.

Brunnescens means 'brown'.
