Hieracium murorum

[Synonyms : *Hieracium sylvaticum*]

WALL HAWKWEED is a perennial. Native to Europe (including Britain) it has dandelion-like yellow flowers scattered with black hairs.

It is also known as *Épervière des murs* (French), Golden lungwort, Hawkweed, *Heboglys* (Welsh), *Jastrabník lesný* (Slovak), *Jestřábík lesní* (Czech), *Jestřábík zední* (Czech), and *Wald-Habichtskraut* (German).
