Neoregelia carolinae

[Synonyms : *Aregelia carolinae*, *Billbergia meyendorffii*, *Bromelia carolinae*, *Bromelia rhodocincta*, *Karatas carolinae*, *Karatas meyendorffii*, *Karatas olens*, *Neoregelia carolinae* forma *carolinae*, *Neoregelia carolinae* var. *tricolor*, *Nidularium carolinae*, *Nidularium flandria*, *Nidularium meyendorffii*, *Regelia meyendorffii*]

BLUSHING BROMELIAD is a perennial. Native to Brazil, it has lavender-blue flowers framed by papery petal-like red leaves.

It is also known as Beer.

Carolinae means ‘of or from North or South Carolina (United States)’.
