Nolana prostrata

[Synonyms : *Atropa humifusa*, *Belladonna peruviana*, *Neudorfia peruviana*, *Nolana humifusa*, *Nolana parviflora*, *Nolana parvifolia*]

TRAILING CHILEAN BELLFLOWER is an annual or perennial. Native to Peru it has small lilac flowers with purple-streaked white throats.

It is also known as *Liten cymbalblomma* (Swedish), *Perunkoisokki* (Finnish), and Trailing nolana.

Prostrata means ‘low-growing, prone or flat on the ground’.
