*Penstemon canescens*

[Synonyms : *Penstemon brittoniorum*, *Penstemon canescens* var. *brittoniorum*, *Penstemon canescens* var. *typicus*, *Penstemon canescens*]

**GRAY BEARDTONGUE** is a perennial. Native to western North America it has small violet to pink flowers each with a bearded stamen.

It is also known as Beard tongue, Eastern gray beardtongue, and Penstemon.

*Canescens* means ‘with off-white or greyish-white hairs’.
