*Potentilla argentea*

[Synonyms : *Potentilla altaica*, *Potentilla argentea* f. *incanescens*, *Potentilla argentea* f. *peridivisa*, *Potentilla argentea* f. *perincisa*, *Potentilla argentea* f. *tephrodes*, *Potentilla tomentosa*, *Potentilla virgata*]

**HOARY CINQUEFOIL** is a perennial. Native to Asia Minor, Europe and Siberia it has small, deep yellow flowers with many stamens.

It is also known as *Cairt Làir Liath* (Scots Gaelic), *Femfingerört* (Swedish), *Hopeahanhikki* (Finnish), *Ketohopeahanhikki* (Finnish), *Lapchatka serebristaya* (Russian), *Mochna stříbrná* (Czech), *Nátržník strieborný* (Slovak), *Pumbys Arian-ddail* (Welsh), *Silber-Fingerkraut* (German), *Silver cinquefoil*, *Silverfingerört* (Swedish), *Silverleaf cinquefoil*, *Silvery cinquefoil*, and *Silvery five-fingers*.

*Argentea* means 'silvery or silvered'.
