Potentilla intermedia

[Synonyms : *Potentilla diffusa*, *Potentilla intermedia* f. *canescens*, *Potentilla visurgina*]

RUSSIAN CINQUEFOIL is a biennial or perennial. Native to northern and central Russia it has small bright yellow flowers.

It is also known as Downy cinquefoil, *Finsk fingerört* (Swedish), *Harmaa hanhikki* (Finnish), *Huhtahanhikki* (Finnish), *Lapchatka srednyaya* (Russian), *Mittleres Fingerkraut* (German), *Mochna prostřední* (Czech), *Nátržník* (Slovak), and *Ryssfingerört* (Swedish).

Intermedia is derived from Latin *medius* (middle) meaning 'intermediate'.
