Pulicaria vulgaris

[Synonyms : *Inula pulicaria*, *Pulicaria prostrata*]

SMALL FLEABANE is an annual. Native to Europe it has tiny dandelion-like, golden flower heads.

It is also known as *Blešník obecný* (Czech), *Blšník obyčajný* (Slovak), *Cedowydd Bach* (Welsh), *Hierba pulguera* (Spanish), *Kleines Flohkraut* (German), and *Loppört* (Swedish).

It is protected in Britain under the Wildlife and Countryside Act 1981.

Vulgaris means ‘common’.
