Vinca major ‘Variegata’

[Synonyms : *Vinca major* ‘Elegantissima’]

VARIEGATED PERIWINKLE is an evergreen subshrub with white and pink flowers.

It is also known as Variegated major periwinkle; and in flower language is said to be a symbol of pleasures of money.

Major is derived from Latin *maior* (greater) meaning ‘greater, bigger or larger’. ‘Variegata’ means ‘variegated or irregularly coloured’ with reference to the leaves.
